

# The Leader in Me™

great happens here

In a nutshell, *The Leader in Me* is a whole-school improvement model designed to create a culture of leadership. It empowers our students with the necessary skills to be engaged, responsible, and caring leaders. We know each student in our school possesses distinctive gifts and strengths, and it's our goal to encourage them to develop those leadership qualities. Specifically, *The Leader in Me* is designed to help students:

- become self-reliant
- plan ahead
- take initiative
- set and monitor goals
- manage time more effectively
- resolve conflicts
- manage emotions
- be considerate of others
- value differences
- help find creative solutions to challenges

Perhaps you've already heard your child talk about *The Leader in Me* or use this terminology at home. Parents can play an important role in the learning process by encouraging their children to discuss what they're learning at school. When your children share the 7 habits with you, they'll reinforce understanding of what they're learning.

We at Good Shepherd are eager to embrace this model that furthers our efforts to strengthen a learning environment based on nurturing and respect. We look forward to working with you on this journey to empower your children. Please look for upcoming information about the 7 habits in our school's RAM GRAM.

God Bless,

Your GSCS Leader In Me Team

Dear Parents,

Good Shepherd Catholic School is excited to inform you about a program we're introducing to students called *The Leader in Me*. It's based on The 7 Habits of Highly Effective People® by Stephen Covey, and we're confident it will bring benefits to our students, staff, and school community.

## The 7 Habits Tree
