Big Bingo ! THIS SUNDAY- ALL HANDS ON DECK!
That's right, here we go again, time to make money for one of the finest establishments around. The crowd will be big, and the Knights will be strong in force. We will once again, have our "chefs" making a superb meal for the workers and fun will be had by all. So, we have jobs for people that can sit, jobs for power walkers, desk jobs, mic jobs, early jobs, all night jobs, stand up jobs and lots more. So hopefully we'll have a great night to report at our meeting. So please sign up or let Ron know you'll be there, cause we HAFTA know we've got enough or we start to panic as 300 people could be on their way. **ALSO**, to add to the fun, it's "Trunk or Treat" night on the back lot. So there's that! Hope to see you all Sunday !!

"When I came up to bat with 3 men on and 2 outs in the ninth, I looked in the other team's dugout and they were in street clothes already" - Bob Uecker

Next Meeting -November 2nd
Come one and all to the next fun-filled night of manly parish stuff that we get to help out with and be a part of. You're welcome to get there early at around 5pm as we ready the room and kick around topics. Then at 5:30, we will have our "exemplification" meeting, which should have at least 3 guys already on tap for joining. Then at 6 we eat, Rosary at a quarter til or so, then Meeting at 7. We'd love have a big crowd there, cause we got lots of stuff going on. Plus, it's just always good to all you fine gentlemen. So, mark it down, put it in your schedule and come hang out with some fine Catholic brothers like yourself.

"Imagine if every single Catholic prioritized Sunday Mass, prayed every day, went to Confession once a month, contributed time, talent & treasure to the mission of the Church, served the poor and sick & evangelized others. We would change the course of global history" - Scott Hahn

"When we compromise our Catholic Faith, we join our voices to the culture that shouts, "Crucify Him!" When we start believing that we are our own gods and shut out heart to God, then we're driving nails deeper into Christ. When we would rather watch sports than receive the Holy Eucharist at Mass every week, we're looking up at the crucified Christ and saying with the crowd, "Save yourself."

- Deacon Harold Burke-Sivers

"There is a concept known as the Patero Principle. It states that about 80% of effects come from 20% of causes. In business, that's known as the 80/20 principle. The idea that 80% of your business comes from 20% of your customers. In Catholic Parishes it's around 7% of engaged Catholics that are getting it done. It's these 7% that we will call Dynamic Catholics." – Matthew Kelly (from his book "Four Signs of a Dynamic Catholic") Hey, are YOU in the 7% or in the 93% ??????

Until God warned him to knock it off, Noah would often try to get a little poker game going with some of the dumb animals.
