Walking with Men: I think the biggest challenge is keeping members active, engaged and motivated. People lead busier lives, and time is precious. We always tell our members that whatever way they can do to help out — no matter how little — is always appreciated. God and family come first. The Cor initiative will certainly help foster the spiritual life of the Order, and this is heartening to see.

Let's get ready to kick it!

Here we go again gentlemen, Good Shepherd is asking us again to put together a wonderful community & parish party in our back yard at GS. That means we're providing funds for food, cooking food, handing out food, setting brackets, lining fields, helping umpire, DJ'ing, getting and returning light systems and cleanup. So, plenty of jobs and volunteerism to go around. **WE ARE THE KNIGHTS!**

SATURDAY MORNING ROSARY

THE KNIGHTS HAVE BEEN MEETING EVERY SATURDAY MORNING AT 6AM SINCE BEFORE OUR COUNCIL EVER STARTED. THIS IS A GOOD WAY TO START THE DAY AND OFFER UP ANY INTENTIONS THAT YOU MAY HAVE. WE PRAY FOR THE WELL-BEING OF ALL THOSE IN OUR PARISH AND DIOCESE, PRIESTS & RELIGIOUS, AND THOSE SOULS THAT HAVE GONE BEFORE US THAT NEED OUR PRAYERS TO GET OUT OF PURGATORY (THAT'S OUR DUTY TO HELP). SO GET UP & JOIN US BECAUSE PRAYER WORKS!

Summer Social Already?

Heck yeah we're talking about it! Come join in the discussion and see what's going on. Will there be rides? Meals on every night? Will volunteerism make a comeback? Our "SS Chairs" have been working hard to get some answers and it'll be very interesting to see what we're gonna do. Dates have not been set yet for the Summer Social.

THE SEVEN DEADLY SINS **PRIDE**

According to G.K. Chesterton, pride is the ultimate human evil. It is the last insult to God. It is the sin that denies sin. It means failing in self-criticism, and abounding in self-praise. And Chesterton says that if he had only one sermon to preach, it would be a sermon against pride.

"The more I see of existence... the more I am convinced ...that all evil began with some attempt at superiority...Pride is a poisoning so very poisonous that it not only poisons the virtues; it even poisons the other vices..."

How do we combat these deadly sins? Repentance.

Summer Social Meeting
Sunday, September 8
8:45-10:15 in Parish Hall
Donuts will be served.

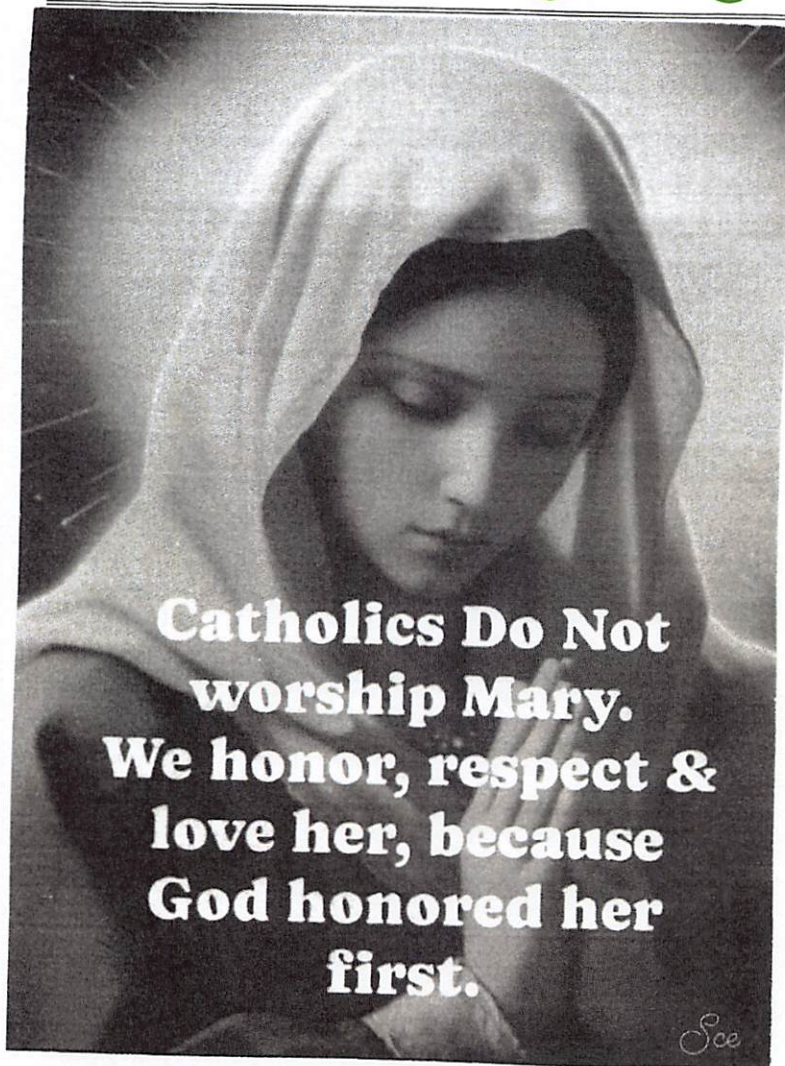

God's Hall of Fame - Unknown

The crowd on earth, they soon forget, the heroes of the past
They cheer like mad, until you fall, and that's how long you last
But God does not forget, and in His Hall of Fame
By just believing in His Son, inscribed you'll find your name
I tell you friends, I would not trade, my name however small
Inscribed up there, beyond the stars, in that celestial hall
For any famous name on earth or glory that they share
I'd rather be an unknown here and have my name up there.

GO TO MASS

THE TREMENDOUS VALUE OF THE HOLY MASS

At the hour of death the masses you have heard will be your greatest consolation.
Every mass will go with you to judgment and plead for your pardon.

At every mass you can diminish the temporal punishment due to your sins, more or less according to your fervor.

Assisting devoutly at mass, you render to the Sacred Humanity of our Lord the greatest homage.
He supplies for many of your negligence and omissions.

He forgives you all the venial sins which you never confessed.

The power of Satan over you is diminished.
You afford the souls in purgatory the greatest possible relief.

One mass heard during your life will be of more benefit to you than many heard for you after your death.

You are preserved from many dangers and misfortunes which would otherwise have befallen you.
You shorten your purgatory by every mass.

Every mass wins for you a higher degree of glory in heaven.

You receive the priest's blessing which our Lord ratifies in heaven.

You kneel amidst a multitude of holy angels, who are present at the adorable sacrifice with reverential awe.
You are blessed in your temporal goods and affairs.

Every time we assist at mass and offer the Holy Sacrifice in honor of any particular saint or angel thanking God for favors He bestowed on Him, we afford Him a great degree of honor, joy and happiness and draw His special love and protection on us.

At the Vatican's movie theater

Proud to Be a Knight: I believe in leading by example. Volunteering to help whenever I am able — even if I'm busy with work and family — helps set an example for others. I've always encouraged our members to think of any encounter with a Catholic man as a recruitment opportunity. Sometimes, men just need to be invited to join — and they often will. I love seeing the smiling faces of new members who say they're proud to be Knights.

Men of Action: I first heard of the Knights at a retreat I attended in 2017, where they showed us a video about the Order. When I learned about its history of service as "the strong right arm of the church," how could I not be part of something so important? I went to my pastor, and after two years of work, Council 17501 was established. The Faith in Action programs especially impress me because they adapt to any need and place; our church is a young community, and these programs have been a success. Knights of Columbus insurance also gives me peace of mind that my family is protected if something happens to me.

FLY FACTS: No one pities the fly.

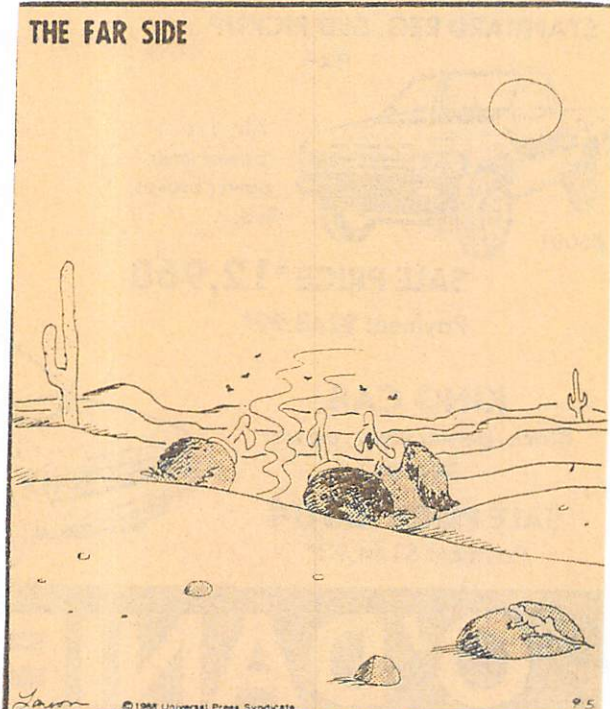

- There are more than 120,000 species of flies worldwide. Houseflies defecate every 4-5 minutes, spreading diseases.
- The housefly is the most common species, carrying over 100 different kinds of germ causing diseases, such as Typhoid fever, dysentery, TB, Bubonic Plague, and Leprosy, to only name a few.
- Another charming characteristic: A fly will lay eggs on your food and vomit on it before feasting. Also, they are particularly attracted to pet waste.
- A female housefly will lay 3,000 eggs within its life span of 21 days. Fly larvae hatch into maggots within 24 hours.
- The housefly's size depends on how well the maggot was fed; the bigger the maggot, the bigger the fly.
- Houseflies tend to stay within 1-2 miles of where they were born, but will travel up to 20 miles to find food. If a housefly spots a group of flies, he will join them creating a gang of flies.
- These disease carrying gangs and their maggot counterparts must be exterminated at all costs. We the people must join forces to combat these disease causing pests!
